Planning and Highways

245/20 Planning application: 21/01575/APP
For: Single storey rear extension (retrospective)
At: 86 Westbrook End, Newton Longville, MK17 0BX
Resolved to support the application.

246/20 Planning application: 21/01267/APP
For: Erection of single storey side and rear extensions, part two storey rear extension with additional parking space at frontage.
At: 19 School Drive, Newton Longville, MK17 0DD
Resolved to support the application.

247/20 To consider parish council approach to application to extend use of landfill site due to finish by 2022, by 15 years to finish by 2037 with restoration completed within a further two years and appeal against refusal by MK Council.
Application 20/00678/FULMMA to MK Council refused and appeal lodged. Ten day public inquiry due to start on 6th July. Any comments to Planning Inspector to be made by 6th May.
Application CM/0018/20 to Buckinghamshire Council refused on 9th December following technical issues raised about status of application as a section 73 application. No appeal lodged as yet.
It was resolved that Newton Longville Parish Council supports other local councils in strongly objecting to the extension of the current landfill operation due to the impact on residents.
Newton Longville Parish Council notes that in considering its response little information has been available on how the site will be restored without voids being filled with waste as originally planned. If the Appeal is refused then steps clearly

need to be taken by Milton Keynes Council, Buckinghamshire Council and the Environment Agency to ensure that communities in this area are not negatively impacted by the consequences of that decision over the long term (including any potential issues with land stability, slippage, associated drainage, leachate leakage and gas treatment).

It was resolved that Newton Longville Parish Council seeks Rule 6 status in the Appeal.

There being no further business the Chair closed the meeting at 19:52
