38/25 Public Involvement

Question asked about state of Green Way and Berry Way and will the works be done in July. Buckinghamshire Council ward Councillor Jilly Jordon said that these works are in the capital programme for 2025/26, but at present the date when they will be done is not confirmed. She is aware the roads are shocking there.

Question asked about noise issues on Stoke Road due to a poorly fitting drain cover. Cllr Chapman undertook to check and report on Fix My Street.

Question asked about HGVs through the village that should not be and a related question about police speed checks. It was explained what action has been taken following recent reports and investigations by parish council. The situation depends on where the HGVs are coming from and going to. Any reports of such vehicles are thought to be taking an inappropriate should include date, time, location seen, registration number, any signs on vehicles and ideally a photograph and where the vehicle was coming from or going to. Reports of vehicles being connected to the Salden Place development is incorrect as there are no such vehicles are working on the Whaddon Road side of the site. Police are undertaking various speed checks around the village.

Question asked about the farm access opposite Hammond Park, with lack of gates, which could allow unauthorised access. Clerk will investigate and follow up with Buckinghamshire Council planning enforcement.
